Our commitment and trustworthiness were once again recognized, this time by the Brazilian Federal Customs, by certifying DC Logistics Brasil as AEO (Authorized Economic Operator). The certification, officialized and published at the Union Official Diary (the government's official newspaper) at 26th December 2017, give us the status of a safe, reliable and efficient company at our operations. A title that strengthens our reliability and proves the high quality of our work.

EXPERTISES

Integrated Logistics DC

We truly believe that the full understanding of our customers business is key for success, our structure based on dedicated and specialized business units working together with the application of proper technologies and processes as an unique integrated business unit, makes DC Logistics Brasil the right partner for your door to door transactions.

DC Quality Management System

DC Logistics Brasil commitment to quality was the main drive to the ISO 9001 accomplishment. The certification awarded to our head office, located in Itajai/SC, guarantees and reassures the overall quality of our services.

Environmental Responsibility

Among our environmental responsibility programs, the “Plantio DC” events became an absolute success based on the reviews we get from our partners worldwide year after year. The event consists in planting a tree for each shipment handled by DC during the whole month of June.

+ 49 THOUSAND
planted trees

Environmental Responsibility

Following CRS (Company Social Responsibility) strategies and policies on the main sustainability topics, we have been recognized and awarded with EcoVadis Silver Seal.

A collaborative platform that allows companies to monitor the sustainable performance of its providers in 150 segments and 110 countries.

We are signatories of the SDG / SC Movement – Sustainable Development Goals – contributing towards a better, environmentally sustainable and economically balanced society. This is one of our goals. caring for the environment and for you.
